

Course Overview

The GUE Dry-suit course is designed to introduce wet-suit divers to the techniques and procedures required to safely dive using a dry-suit. As well as providing a solid theoretical background for dry-suit diving and care, this class firmly emphasises the importance of true mastery of skills.

During the class you will be introduced to the differences between wet and dry diving and given tips and techniques to perfect your buoyancy and trim. You will be shown how to properly manage your dry-suit during your dives and how to correctly weight yourself. If you are looking to get into dry-suit then there is no better class to prepare you.

G.U.E.

Global Underwater Explorers is a non-profit organisation with three broad goals - Education, Research and Exploration. Their training classes are recognised around the world for offering extremely high standards and producing highly skilled and educated divers, many of whom have gone on to do very challenging and difficult dives. GUE prides itself on having set a new benchmark for high quality diver education.

Your Instructor

Jamie Obern is New Zealand's only GUE instructor and has been teaching GUE classes since 2009. He has been involved with GUE since 2005 and is a passionate advocate for GUE in New Zealand. As well as running GUE classes Jamie is also actively involved in GUE projects, both in New Zealand and overseas.
