

GUE Fundamentals - part 2

“Complete the original dive ninja course”

Course Overview

The GUE Fundamentals course is the gateway into all GUE training. It is designed to cultivate the essential techniques required for all good diving practices, irrespective of level or environment. It will help both the recreational diver to advance his or her basic diving skills and the more experienced diver to prepare for more technical dives.

The GUE Fundamentals class is split into two, with part 1 introducing basic skills and equipment and part 2 refining the teamwork and environmental awareness necessary to conduct safe and fun dives. This class is perfect for anyone seeking control and finesse in the underwater world.

Skills

Having mastered your part 1 skills, the part 2 class focuses on teamwork, communication and problem solving skills. Safety specific skills such as out-of-gas, valve drills and smb deployment are drilled until proficiency is gained. The next step is to take these skills into a dynamic setting, with students building their comfort during multi-stop descent and ascents.

The last day of this class is usually conducted at the Poor Knights Islands, allowing students to practise and hone their skills in a real world setting.

Your Instructor

Jamie Obern is New Zealand's only GUE instructor and has been teaching GUE classes since 2009. He has been involved with GUE since 2005 and is a passionate advocate for GUE in New Zealand. As well as running GUE classes Jamie is also actively involved in GUE projects, both in New Zealand and overseas.

Course details

- Time commitment: 3 days
- No. of dives: 4 dives
- Pre-reqs: GUE Fundamentals - part 1
- Student to Instructor ratio: Max 4:1
- Equipment req'd: Standard GUE equipment configuration. Please contact us for more details.
- Qualification limits: 18m, no decompression, EANx32
- Cost: \$550 excl. gear, \$650 incl. gear. Plus cert. fees paid directly to GUE and boat fees paid directly to charter operator.
- Equipment hire: All specialist equipment req'd for this course is available for hire. Please contact us for details
